

SCHOOL IMPROVEMENT PLAN GOALS

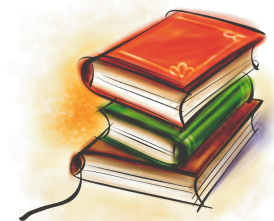

LANGUAGE ARTS:

1) We will increase by 3 in each classroom, the number of students, in 1-2 grades, who meet benchmark in reading from fall to winter as measured on the DRA.

2) We will increase by 3 in each classroom, the number of students, in K-2 grades, who meet benchmark in reading from winter to spring as measured on the DRA.

3) We will increase by 3 in each grade level 3-6, the % proficient as measured by the CRT's in Language Arts.

MATH:

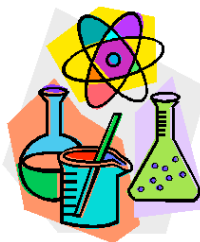

1) We will increase by 3 in each classroom, the number of students in 1-2 grades who meet benchmark in math from fall and winter as measured by a common assessment.

2) We will increase by 3 in each classroom, the number of students in K-2 who are proficient in math from winter to spring as measured by a common assessment.

3) We will increase by 3 in each grade level 3-6 the % proficient as measured by the CRT's in Math.

SCIENCE:

1) We will increase by 5 in each grade level 4-6 the % proficient as measured by the CRT's in Science.
