

**Springside Elementary  
School Community Council Meeting Minutes October 9, 2019**

**Attendance**

Mary Alice Briggs  
Brian Messer  
Emily Hardy  
Gary Gibb

Mary Patten  
McKell Jensen  
Tami Galbraith  
Jennifer McKenna (notes)

Meeting opened at 12:15 PM

**Specialty Team Presentation**

Shannon Williams- Art, Rachel Miller- PE, Robin Brunner- Computers, Aimee Ward- Music Team shared ways they are doing integrated learning lessons in each area of specialty- art, music, computers, PE

It was suggested that classroom teachers develop a way to assess the impact integrated learning lessons enhances results for deeper learning.

**Digital Citizenship**

Mr. Gibb shared Springside's Digital Citizenship Plan along with Utah State Digital Citizenship resources.

Robin Brunner shared core curriculum standards she teaches on Digital Citizenship and Internet Safety for each grade level. NetSmartz is no longer paid by state funding. The committee discussed whether there is a need for another program to be implemented in place of NetSmartz in addition to what Mrs. Brunner is providing. Mrs. Brunner and Mr. Gibb explained that information provided by NetSmartz is already being implemented by Mrs. Brunner in her regular lessons on Digital Citizenship.

The general feeling is that the resources provided by Utah State are not realistic to implement logistically. The committee suggested that the best way would be to continue with Mrs. Brunner's lessons on Digital Citizenship along with standards that teachers can share with students in their regular classrooms.

Other ideas to enhance Digital Citizenship learning:

- Add weekly student tip to announcements
- PTA focus on parent information shared during White Ribbon Week
- Night at the Library Presentation for parents
- Mrs. Brunner develop lessons parents can use in the home learn with families

**Data Review**

Mr Gibb shared data on DIBELS results comparing EOY 2018-2019 to BOY 2019-2020.

**Stakeholder Report** Mr Gibb shared copy of last year's Stakeholder Report format to show what October 2019 report format will look like. The committee agreed that the format from last year will be fine for this year.

RISE data will not be available for release to the public in time for Stakeholder report. We improved in all areas except math.

**Trustland Final Report** Final report will be submitted on time

**Safe Routes** Not addressed

Motion to adjourn by Brian Messer

2nd by Tami Galbraith

Meeting adjourned at 1:30 PM
